EXPERIENCE

National Geographic Partners, Digital Video | Producer & Host 05/2017 to present
Produce and narrate Season 3 of the "101" video series, NatGeo's first regularly-produced explainer series about science, history, wildlife, and the environment. • Manage a team of Associate Producers, Producers, Editors, Senior Editor, and Writers. • Established production workflow and standards, such as the creation of a "101" Style Guide. • Review scripts and videos to ensure accuracy, tone, and style consistent with the "101" series. • Research and write scripts that efficiently translate complex topics into a 3- to 5-minute runtime for a digital audience. • Lead multiple productions concurrently to meet publication cadence. • Develop content strategy based on SEO, internal tentpoles and initiatives, and external events. • Experiment with social formats to maximize "101" content and increase distribution of episodes. • Collaborate with senior editorial teams to assess opportunities for alignment.

National Geographic Partners, Digital Video | Writer & Host 08/2015 to 05/2017
Launched and developed "Snapchat Video Quiz" series, a vertical video explainer series that quizzes viewers on the Snapchat Discover platform. • Hosted and wrote scripts for nearly 400 video quizzes. • Hosted and narrated Season 2 of the "101" video series. • Cultivated audience engagement on social media to promote series and build brand as a host. • Interviewed candidates for Producer, Associate Producer, Production Assistant, and Editor positions on the team. • Represented NatGeo at VidCon 2015 & 2016, NewFronts 2016, and Television Critics Association 2017. • Hosted, filmed, and produced SafariLIVE content in South Africa. • Presented in front of live audiences for NG Live events.

National Geographic Society, Missions Media | Associate Producer 12/2013 to 08/2015
Built strong relationships with personnel across various departments. • Filmed and interviewed explorers, grantees, and journalists. • Media managed, assistant edited, and archived video content. • Assembled legal binders, researched stock. • Provided science communication instruction to grantees.

National Geographic Society, Missions Media | Intern 09/2013 to 12/2013
Coordinated meetings, studio, personnel, and equipment for shoots. • Gained strong understanding of grantee programs and NGS processes. • Supported producers, associate producers, and editors.
